### ONLY A FEW WEEKS

Will Evangelist Naylor Remain in the City.

### MUCH WORK IS TO BE DONE

Before He Returns to England in May. His Sermon Last Night—Take the Bible For Your Guide—It Will Help You as It Helped Paul.

Reverend Naylor's audience at the Methodist Protestant church last evening was not as large as it might have been, but no doubt had the weather been less inclement it would have been much larger. The sermon of the evening was selected from Romans I:10. "For I am not ashamed of the gospel of Christ; for it is the power of God into salvation to every one that believeth; to the Jew first, and also to the Greek."

"Previous to the conversion of Paul, he was a man who believed what he thought was right. He was a man who hated all Christianity. He was against all good. He was against Christ and all his people, and by this he thought he was doing a grand thing by trying to stamp these things out, and instead he made it more prominent. He had letters issued for the arrest of all Christians, and as he rode to Damascus to put his act into execution, and with these ambitions, the sky is opened to him and he heard a cry, 'Saul, Saul, why persecutest thou me?' When Saul became converted, and it was a real and thorough one, he received from the sky the baptism of the Holy Ghost. There is not a Christian in all the churches in the world who has not received this conversion. When Paul received the baptism, he cared not for anybody just so long as he did the will of his Master. As a man of valor he stood at his post, and I hear him say 'For I am not ashamed of the gospel of Christ.' Don't you see the quick change which came over him? What a world we would have if it was not for the gospel of Christ. How dark it would be if there was no sun. See how it throws its beams across the surface of all nature's work. See how it makes the sea look like diamonds, and then shortly it is lost by sight, it is now gone to rest. How dark a night it would be if it were not for this grand planet. We think all the light we possess comes from the sun, so my friends let us praise God for this, the sun. What a beautiful light we have in the works of God. This Bible which I hold in my hand, men have been trying to stamp out of existence. But thanks be to God they will never succeed in their hellish task. You are blind, polluted, ignorant, your soul thirsting. Here I say in the book of God you can see; you can soon be cleaned; you may be made learned people; you may have your thirsting quenched. My friend, I entreat you, will you not take this book as your guide through all your life? See how clear it makes the way for Paul. The thief on the cross; see how it saved him. You have gone to your best earthly friend, your mother, and told her your troubles. How she consoles you, see the tears she sheds for you, and you would not take her counsel. When you have come to your last, what have you to lean on? What will you do? Christ offers you everlasting life. Will you not accept of it?"

Before the services of last evening started Reverend Naylor gave out the following:

"I have most made up my mind that I will not stay with you, as I expected to, till May 1. I am almost convinced that my labors in this city are about finished. During the past few days I have had to see me prominent church workers from other cities urging me to come with them to their respective places, and help them in their work. I have much to do in this great country before I return to England which I must do by the middle of next May. April 2 will see me bid adieu to East Liverpool. On April 1 there will be held in this church an all day meeting, and in the evening a jubilee will be held which will close my work in this city. One week from next Sunday communion will be held which will terminate with the receiving of new members into the church. On next Sunday week a lecture on 'Grandfather's Clock,' will be given to the children."

### AFTER A CONSULSHIP.

Edward M. Pearson Would Go to Tunstall.

The following dispatch from Washington will be read with interest: "Edward M. Pearson, of Wheeling, who is a pottery manufacturer, is a candidate for the consulship at Tunstall, England. Tunstall is the center of the English pottery region, and Mr. Pearson is indorsed by the pottery manufacturers of Ohio, New Jersey and the country generally. Eight years ago Major McKinley, then in congress, had a candidate for this place, but it went to a New Jersey man. He said that the next time the place was to be filled he intended to name the man. Mr. Pearson is a personal friend of the president, and as the latter now has the naming of the consul to Tunstall, Mr. Pearson's chances seem very bright."

### NOT MUCH INTEREST

Is Being Shown In the Republican Primaries.

The Republican primary election to be held tomorrow is not causing the usual amount of interest, from the fact that there is hardly a contest for office. In the First ward the fight will be for assessor, as there are two candidates. The same office will cause all the trouble in the Second, while in the Third ward it is not necessary to hold an election, as there are no contests whatever. The Fourth ward as usual holds the palm, and the fight will probably be fierce. There are three candidates who want to go to council, and two who are desirous of becoming assessor. The clerks and judges will have the easiest time they have had for years, and the vote will be light.

The fight which attracts most attention is for justice of the peace, two candidates being in the field. E. W. Hill, president of the McKinley club and a well known grocery clerk, is contending against Daniel McClain, an equally well known insurance man.

### PICKING UP

Is the Demand For the Better Grades of Goods.

The condition of trade is given by China, Glass and Lamps as follows: "Most encouraging reports reach us from the potteries, and all report an improvement in orders. In Wheeling and East Liverpool potters have not been as busy as since last January for a number of years past, and in the better grade of goods the demand has wonderfully picked up. The real reason for this state of affairs is not alone in the improved condition of trade resulting from administrative changes and the improved prospects for the speedy enactment of favorable legislation, but most potters have about rounded out and put superior goods on the market, which have been instantly appreciated by the trade, and promise to keep the kilns hot from now on."

### AN ENAMELING PLANT

Would Like to Locate in a Real Live Town.

A letter was received this morning by a prominent business man from an established enameling company, asking if there was a good opening for them to locate their plant in this city. The business man is one who is interested in seeing the city get all the industries possible, and will spend some time in looking up the matter before answering the inquiry. The name of the firm and the city in which they are at present located, is withheld from the public, because they are desirous of having the people of their city have no idea they intend locating elsewhere.

### LOOKING AT THE CHELSEA.

The Lloyd Company Are Anxious to Sell.

The Cumberland Independent of this week says: "It is said that President Lloyd, of the Chelsea, will be here tomorrow to meet some parties who want to look at the works. It is reported the Meredith-Hamilton syndicate will take another look at the plant, and others, it is said, will look the factory over."

"If that plant is ever sold," said a well-known potter today, "it will be for much less money than the Lloyd people now want. The pottery is not worth the price."

### A CHANGE ALL AROUND.

Rex Had Some Hard Falls and Dropped Out of the Race.

There was a general change in the bicycle race last evening. Rex, who was leading, received three falls at the beginning of the race, and broke two bicycles, losing 24 laps. Holtzman was thrown by the fall of Rex, and lost over a lap to Frederick. The spills so badly used up Rex that he dropped entirely out of the race. The score:

Rex..... 116 miles, 5 laps  
Holtzman..... 151 " "  
Frederick..... 151 " 3 "  
Risinger..... 129 " 1 "

### Enjoyed the Evening.

Miss Lida Madison last evening entertained a number of her friends at the home of her sister in Basil avenue.

A very pleasant birthday party was held last evening at the home of Miss Clara Mountford, California hollow. Guests to the number of 40 were present, and spent the evening in dancing.

### PHOENIX BOYS BANQUET

A Farewell Feast to Recorder Elect E. M. Crosser.

### GOOD MUSIC AND ORATORY

A Fitting Tribute to One of the Most Enthusiastic of the Organization's Members—J. H. Brookes Was Toastmaster. The Toasts—County Officers Present.

The banquet tendered Recorder-elect E. M. Crosser by the Phoenix club last night was a delightful affair, the time being spent in a manner well calculated to keep it bright in the memory of all those so fortunate as to be present.

The tables were spread in the rooms of the organization at Fourth and Washington streets, and presented a handsome appearance when the party sat down to supper. After the feast President T. H. Arbuckle announced the selection of Jason H. Brookes as toastmaster, and the company settled back to hear some of the best speeches of the many that have been delivered in that room. Mr. Brookes spoke entertainingly, and enthusiastically referred to the influence of the organization in county politics, not forgetting to state that Auditor Harvey and Sheriff Gill are numbered among the club's members.

"The Old Phoenix" was the subject which caused C. G. Peterson to recall that time when the club was made up of a few youngsters, the best of friends, and "One Campaign," allowed John S. McNutt, clerk of courts elect, to impart some valuable information regarding the influence of dogs at farm houses on the outcome of a canvass for county office. George Davidson sang in a strain which brought out rapturous applause, and Solicitor F. E. Grosshans said some very nice things about the ladies in answering "Our County Fair." Geo. H. Owen imparted the valuable information that he was not yet decided on "The Office I Want," while "My Little Red Book" by President Arbuckle was at once entertaining and profitable.

"East Liverpool and the McKinley Administration" was responded to by Thos. W. Morris. W. L. Murphy touched upon an interesting subject in "Phoenix Music." A. W. Thomas firmly refused to speak on "The Phoenix Club in Politics" on the ground that during his connection of almost 20 years with the organization he had never made a speech and it was now too late to begin. W. K. George, commissioner elect, talked in a happy strain, and Mr. Crosser's toast was announced as "Good Bye," but he didn't say it. The gentleman in the nicest sort of a speech reviewed his connection with the club, and wanted every member to remember that while he was soon to cross the hills to Lisbon he would ever be with them in spirit. The program ended with "Auld Lang Syne," and the remainder of the evening was as pleasantly spent. The Henderson orchestra provided excellent music, and there was singing by the club. It was after midnight when the party went home.

Mr. Crosser and family leave the city next Wednesday for Lisbon where Mr. Crosser will familiarize himself with the details of the recorder's office, preparatory to entering upon the duties of his position next September. During their residence in this city they have gathered about them a circle of warm, earnest friends, who, while rejoicing at Mr. Crosser's success, sincerely regret that it necessitates the removal of himself and family from the city.

### THE NEW SHOE HOUSE.

They Want a Share of Public Patronage.

These young and energetic shoe dealers will open up on Saturday, March 20, in the Ferguson & Hill block, in the Diamond, and will endeavor to cater to the public in an acceptable manner, through the instrumentality of good goods and fair prices. They do not expect to do all the shoe trade of East Liverpool, but do expect to do a fair share of it, and will spare no legitimate and honest efforts to this end. They will be very glad to see you at their shoe house tomorrow, and will do their very best to please you. R. W. Sample is an old Pittsburger, and has had 13 years of experience in the shoe houses of that city. Ed Neal is known to almost every resident of East Liverpool, and needs no commendation at our hands. The NEWS REVIEW wishes the new firm a full share of prosperity.

### THE MORRIS TEAM WON.

An Exciting Game of Ball at the Association.

The indoor baseball game at the Young Men's Christian association last evening was witnessed by an audience

that more than filled the building. The game was full of exciting plays. A large number of ladies were present. Following is the score by innings:

Morris.....	1 2 3 4 5 6 7 8 9
Herbert.....	10 1 2 1 0 1 0 0 15
	0 2 4 0 0 3 1 3 13

### ODE TO PUSH.

The Sobbing Maiden Dines on Sour Grapes.

The clique had arranged a wonderful plan. But alack and alas, it "flashed in the pan." And the "dollar each" put up with delight.

Failed to secure the result of the fight. The slow witted crowd at the foot of the hill.

Were forced to swallow a most bitter pill. While the NEWS REVIEW, in manner most neat,

Gave the result, and Corbett's defeat. They were giving the rounds, and had just reached "six."

When they found themselves in an awful fix. As the "newsies" rushed in and yelled in dismay,

With, "Wat er yer givin' us, Sonny? Say!" The werry old Nick is on up town, And the NEWS REVIEW hev done us brown.

For the fight is over—Fitzsimmons hev won. Yer must abin ersleep, yer son-of-a-gun."

Then a sad, sad moan arose on the air, As Sonny and Sleepy at each other did glare, Until Sonny cried out, in tones of disgust,

"Well, Sleepy, you bloke, you're a nice one to trust. Those fellows up town have scooped us again; You blundering blockhead, you give me a pain.

Don't give me your gaff, and play Job like and meek, You're not even worth your six dollars a week."

### THE CITY IS LIABLE

If Martin McKeon Was Badly Hurt In a Fall.

An accident, due to the carelessness of some person, occurred last evening, and should it result seriously, the city will be liable for damages.

At the corner of Sixth street and Broadway workmen who had been repairing a street washer, instead of relaying the pavement, had covered the spot with a plank. Martin McKeon was returning from Bradshaw hall about 9:30 laden with a basket and a tray. He stepped on the plank, and it turned, throwing him forward, and he struck with his stomach across the tray, which had in some manner turned on its edge. He was picked up and carried into a nearby store and the patrol summoned, when he was taken to his home in Seventh street, and a doctor called. An examination developed that he had no signs of external injury, and it will take a couple of days to discover if he has been seriously injured.

### OVER IN LISBON

A Little Work Is Being Done In the County Courts.

LISBON, March 18.—[Special]—A judgment was rendered yesterday in favor of the trustees of the society of friends against I. P. Hole, of Damascus, in the sum of \$1,399.98. It is due on a note.

The damage case filed by Eliza Lewis against the Ohio & Pennsylvania Coal company has been settled out of court.

The heirs of the late Mrs. Bradshaw, of East Liverpool, have stated to probate court in a petition filed by the guardian of Verlinda E. Hill that they have been unable to agree on an administrator. The matter will be before court next Monday.

Marriage licenses were issued as follows: Thomas Sant and Maggie Burkheimer, East Liverpool; H. M. Warner and Lizzie Beresford, C. E. McElroy and Laura J. Winters, E. J. Rosserler and Hannah Cahill, J. C. Miller and Amand Keister.

### WANT BODIES MOVED.

Hospital Trustees Will Ask For the Old Cemetery.

The board of directors of the hospital association met last evening at the residence of Mrs. R. B. Stevenson, Market street. All members of the board were present, and the business was transacted promptly. The site committee reported favorably upon the old cemetery property, and a committee consisting of Mrs. Hanley, Mrs. Herbert, Mrs. Curry, Mrs. Pittinger was appointed to interview the lot owners in reference to the donating of their lots to the association. The report will be made to the other members at the next meeting, which will be called by the president.

### Two Foolish Drunks.

Two men well under the influence of liquor electrified the people of Washington street yesterday afternoon by leading an old horse along the pavement. They were told to take the animal into the street, but replied: "We are afraid it will get stuck in the mud."

### ENDED THE HEARING

Until Witnesses Can Come Into Court.

### THE SMITH DISORDERLY HOUSE

May Develop Into Something Not So Bad In the Eyes of the Law—It Seems as Though the City Will Not Win Its Case.

The hearing of Mrs. Anna Smith, charged with keeping a disorderly house, was adjourned last evening until tomorrow at 9 o'clock. This was made necessary by several witnesses being ill and unable to attend.

The testimony in the case was such that, under the charge made, it would be useless to carry the case any further. All the witnesses for the city stated they had heard loud talking in the house on Broadway, but as to what was being done in the house, nothing was shown.

When Mrs. DeBee was put on the stand in direct examination, she said she was married and had an 18-year-old daughter in Jeannette, Pa., who, for some time had been sending her money, which she in turn paid Mrs. Smith for board. A Mr. Mason, she said, had been keeping steady company with her for 10 weeks, and there seemed to be quite a lot of rivalry between Mr. Mason and Mr. Darrah. The woman stated Mason was out with her Saturday evening, and treated her and Mrs. Smith to some beer in a Second street saloon, and while they were at this place Darrah came to the Broadway house and demanded admittance, which Mrs. Smith's daughter refused. She had been at Mrs. Smith's house since January, and has been sick most of the time, and stated she was still under the doctor's care. This closed the woman's testimony.

Mrs. Anna Smith was next called. She said she lived in the house in question, and conducted a dressmaking business, and did sewing for the general public. Asked as to the truthfulness of what former witnesses stated, she said it was all false, as she would not allow swearing and loud talking in the presence of her daughter and a five year old nephew who is living with her. In cross examination she said the trouble of Saturday last arose on account of Darrah and Greenwood trying to gain entrance to her home after she and Mrs. DeBee retired. She said both men were under the influence of liquor, and on a former occasion she had ordered Darrah away from the house, as she did not desire him to visit Mrs. DeBee while Reddy Mason was keeping steady company with her. She had beer in her house, but not over 15 cents worth at a time. Asked if Mrs. DeBee was back in her board, she said she was, and had given her but \$15 since she came there. This ended the defendants' testimony.

In summing up the evidence given yesterday, it was clearly proven that the case would not hold under the present charge. The common law defines a disorderly house as one whose inmates are noisy, and which becomes a nuisance to the neighborhood. But this law will not hold good, because the revised statutes have a version quite different, and under that law not one sentence has been violated. It is understood the case will be settled by the payment of the costs on the part of the defendant.

This is the first trial in which Chief Johnson has been the prosecutor for the city.

### SURVEYING THE CEMETERY.

An Order of Council Is Being Carried Out.

Engineer George began yesterday afternoon to make a survey of the old cemetery to ascertain if possible how many graves have gone over the hill in the different slides. It will take him a few days to complete the work, and he will then make a complete report at the next meeting of council. There has been no sand taken from the foot of the hill for a long time, and it is probable an injunction will not be necessary.

### ANOTHER SLIDE.

But No Bodies Went Over the Cemetery Hill.

The ground of the old cemetery is caving in very fast. Last night several tons of earth fell from the bluff, and other ground is in such condition that it may fall at any moment. A number of head stones have been removed, and a number of bodies have been taken up, and reburied in other parts of the cemetery.

### Will Lecture Tonight.

Doctor Lee went to Pittsburg today to deliver his lecture entitled, "Christ in Art," at the Second Presbyterian church of that city, tonight.

A very pleasant birthday party was held last evening at the home of Miss Clara Mountford, California hollow. Guests to the number of 40 were present, and spent the evening in dancing.

### PHOENIX BOYS BANQUET

A Farewell Feast to Recorder Elect E. M. Crosser.

GOOD MUSIC AND ORATORY

A Fitting Tribute to One of the Most Enthusiastic of the Organization's Members—J. H. Brookes Was Toastmaster. The Toasts—County Officers Present.

The banquet tendered Recorder-elect E. M. Crosser by the Phoenix club last night was a delightful affair, the time being spent in a manner well calculated to keep it bright in the memory of all those so fortunate as to be present.

The tables were spread in the rooms of the organization at Fourth and Washington streets, and presented a handsome appearance when the party sat down to supper. After the feast President T. H. Arbuckle announced the selection of Jason H. Brookes as toastmaster, and the company settled back to hear some of the best speeches of the many that have been delivered in that room. Mr. Brookes spoke entertainingly, and enthusiastically referred to the influence of the organization in county politics, not forgetting to state that Auditor Harvey and Sheriff Gill are numbered among the club's members.

"The Old Phoenix" was the subject which caused C. G. Peterson to recall that time when the club was made up of a few youngsters, the best of friends, and "One Campaign," allowed John S. McNutt, clerk of courts elect, to impart some valuable information regarding the influence of dogs at farm houses on the outcome of a canvass for county office. George Davidson sang in a strain which brought out rapturous applause, and Solicitor F. E. Grosshans said some very nice things about the ladies in answering "Our County Fair." Geo. H. Owen imparted the valuable information that he was not yet decided on "The Office I Want," while "My Little Red Book" by President Arbuckle was at once entertaining and profitable.

"East Liverpool and the McKinley Administration" was responded to by Thos. W. Morris. W. L. Murphy touched upon an interesting subject in "Phoenix Music." A. W. Thomas firmly refused to speak on "The Phoenix Club In Politics" on the ground that during his connection of almost 20 years with the organization he had never made a speech and it was now too late to begin. W. K. George, commissioner elect, talked in a happy strain, and Mr. Crosser's toast was announced as "Good Bye," but he didn't say it. The gentleman in the nicest sort of a speech reviewed his connection with the club, and wanted every member to remember that while he was soon to cross the hills to Lisbon he would ever be with them in spirit. The program ended with "Auld Lang Syne," and the remainder of the evening was as pleasantly spent. The Henderson orchestra provided excellent music, and there was singing by the club. It was after midnight when the party went home.

Mr. Crosser and family leave the city next Wednesday for Lisbon where Mr. Crosser will familiarize himself with the details of the recorder's office, preparatory to entering upon the duties of his position next September. During their residence in this city they have gathered about them a circle of warm, earnest friends, who, while rejoicing at Mr. Crosser's success, sincerely regret that it necessitates the removal of himself and family from the city.

### THE NEW SHOE HOUSE

They Want a Share of Public Patronage.

These young and energetic shoe dealers will open up on Saturday, March 20, in the Ferguson & Hill block, in the Diamond, and will endeavor to cater to the public in an acceptable manner, through the instrumentality of good goods and fair prices. They do not expect to do all the shoe trade of East Liverpool, but do expect to do a fair share of it, and will spare no legitimate and honest efforts to this end. They will be very glad to see you at their shoe house tomorrow, and will do their very best to please you. R. W. Sample is an old Pittsburger, and has had 13 years of experience in the shoe houses of that city. Ed Neal is known to almost every resident of East Liverpool, and needs no commendation at our hands. The News Review wishes the new firm a full share of prosperity.

The Sobbing Maiden Dines on Sour Grapes.

The clique had arranged a wonderful plan. But alas and alas, it "flashed in the pan." And the "dollar each" put up with de-light. Failed to secure the result of the fight. Then a sad, sad moan arose on the air, As Sonny and Sleepy at each other did glare, Until Sonny cried out, in tones of disgust, "Well, Sleepy, you bloke, you're a nice one to trust. Those fellows up town have scooped us again: You blundering blockhead, you give me a pain. Don't give me your gaff, and play Job like and meek, You're not even worth your six dollars a week."

### THE CITY IS LIABLE

If Martin McKeon Was Badly Hurt In a Fall.

An accident, due to the carelessness of some person, occurred last evening, and should it result seriously, the city will be liable for damages.

At the corner of Sixth street and Broadway workmen who had been repairing a street washer, instead of relaying the pavement, had covered the spot with a plank. Martin McKeon was returning from Bradshaw hall about 9:30 laden with a basket and a tray. He stepped on the plank, and it turned, throwing him forward, and he struck with his stomach across the tray, which had in some manner turned on its edge. He was picked up and carried into a nearby store and the patrol summoned, when he was taken to his home in Seventh street, and a doctor called. An examination developed that he had no signs of external injury, and it will take a couple of days to discover if he has been seriously injured.

### ENDED THE HEARING

Until Witnesses Can Come Into Court.

THE SMITH DISORDERLY HOUSE

May Develop Into Something Not So Bad In the Eyes of the Law—It Seems as Though the City Will Not Win Its Case.

The hearing of Mrs. Anna Smith, charged with keeping a disorderly house, was adjourned last evening until tomorrow at 9 o'clock. This was made necessary by several witnesses being ill and unable to attend.

The testimony in the case was such that, under the charge made, it would be useless to carry the case any further. All the witnesses for the city stated they had heard loud talking in the house on Broadway, but as to what was being done in the house, nothing was shown.

When Mrs. DeBee was put on the stand in direct examination, she said she was married and had an 18-year-old daughter in Jeannette, Pa., who, for some time had been sending her money, which she in turn paid Mrs. Smith for board. A Mr. Mason, she said, had been keeping steady company with her for 10 weeks, and there seemed to be quite a lot of rivalry between Mr. Mason and Mr. Darrah. The woman stated Mason was out with her Saturday evening, and treated her and Mrs. Smith to some beer in a Second street saloon, and while they were at this place Darrah came to the Broadway house and demanded admittance, which Mrs. Smith's daughter refused. She had been at Mrs. Smith's house since January, and has been sick most of the time, and stated she was still under the doctor's care. This closed the woman's testimony.

Mrs. Anna Smith was next called. She said she lived in the house in question, and conducted a dressmaking business, and did sewing for the general public. Asked as to the truthfulness of what former witnesses stated, she said it was all false, as she would not allow swearing and loud talking in the presence of her daughter and a five year old nephew who is living with her. In cross examination she said the trouble of Saturday last arose on account of Darrah and Greenwood trying to gain entrance to her home after she and Mrs. DeBee retired. She said both men were under the influence of liquor, and on a former occasion she had ordered Darrah away from the house, as she did not desire him to visit Mrs. DeBee while Reddy Mason was keeping steady company with her. She had beer in her house, but not over 15 cents worth at a time. Asked if Mrs. DeBee was back in her board, she said she was, and had given her but \$15 since she came there. This ended the defendants' testimony.

In summing up the evidence given yesterday, it was clearly proven that the case would not hold under the present charge. The common law defines a disorderly house as one whose inmates are noisy, and which becomes a nuisance to the neighborhood. But this law will not hold good, because the revised statutes have a version quite different, and under that law no one sentence has been violated. It is understood the case will be settled by the payment of the costs on the part of the defendant.

This is the first trial in which Chief Johnson has been the prosecutor for the city.

### SURVEYING THE CEMETERY.

An Order of Council Is Being Carried Out.

Engineer George began yesterday afternoon to make a survey of the old cemetery to ascertain if possible how many graves have gone over the hill in the different slides. It will take him a few days to complete the work, and he will then make a complete report at the next meeting of council. There has been no sand taken from the foot of the hill for a long time, and it is probable an injunction will not be necessary.

### ANOTHER SLIDE.

But No Bodies Went Over the Cemetery Hill.

The ground of the old cemetery is caving in very fast. Last night several tons of earth fell from the bluff, and other ground is in such condition that it may fall at any moment. A number of head stones have been removed, and a number of bodies have been taken up, and reburied in other parts of the cemetery.

EAST LIVERPOOL, O., FRIDAY, MARCH 19.

MR. DINGLEY has the right view of a tariff, and the sooner his views are put into actual practice the better it will be for the country.

THE yellow kid correspondents are slowly and reluctantly turning their backs on Carson City, and seeking other fields of dirty sensationalism in the east. What a juicy morsel was that prize fight to be sure.

THE trusts took a fall out of the reformers in New Jersey when the tobacco combination won in court the other day, but that is only one victory. Wait until one of those \$25 a month judges in Kansas gets hold of a trust.

SECRETARY SHERMAN in his own quiet but determined manner in laying down the law to Spain and Weyler, has already discovered that Americans have rights even in Cuba. What a relief to at last have an American government.

SOME of the gold Democrats are uneasy for fear they will not be recognized by the administration, and they might well be. Any effort on their part to influence tariff legislation will doubtless be met by the coldest kind of a cold shoulder. They should have no recognition. They did not vote for McKinley, they simply voted against Bryan.

THE apologetic story of a local sheet is interesting. Wednesday its badly bungled report, taken from Western Union bulletins of the prize fight, was dignified by "five o'clock extra" in bold type on its ugly first page. Last night it claimed that extra was on the street at 4:25. Now those stories conflict. The poor old thing should brush up its memory.

THE FIRST PRIVATE. William McKinley is the first of the thousands of soldiers who shouldered a gun in behalf of his country during the great Rebellion, to become president of the United States. Other soldiers have filled that comfortable chair in the White House, but every one entered the service as a commissioned officer, his sword by his side and his shoulders decorated with the straps of power more or less important. After long years the private has been recognized, the men who fought in the ranks have a representative. But there will not be many more.

## WISE SELECTIONS.

PRESIDENT McKinley is showing the old line politicians that he knows how to dispense offices and perform the other necessary functions of his office as well as he knew how to talk tariff when in the old days he was only a congressman in the service of his country and his constituents. Although he has been president only a short time he has been called upon to fill some important places, and he has done it with wisdom. Not one word can be uttered against the men he has chosen, nor is it at all likely that there ever will be. President McKinley is looking largely to brains in the selection of his officers.

## A SENSIBLE VIEW.

THE opposition already directed against the proposition to construct a modern jail at Lisbon, amounts to nothing. For some reason, which we confess we are too obtuse to understand, the Wellsville Union is up in arms against it, while the Lisbon Patriot has taken a stand not at all a stranger to it. That jail will make Potts a vast amount of campaign material. If a bolt is lost or a stone happens to be a little off color, the Patriot will howl itself hoarse shouting fraud and misappropriation of funds. Nothing will be too bad in its vocabulary for the awful county officials, and the unfortunate readers of that delectable sheet will be compelled to swallow column after column of simple slush. Such opposition will amount to little. The people know the Patriot well enough to smile at its little jokes.

# TALK ON THE TARIFF.

It Will Commence in the House Monday.

A VOTE TO BE TAKEN MARCH 31.

Long Day and Night Sessions Have Been Decided Upon—Republicans Incorporate Amendments in the Bill—The Democrats Offered Some Changes Also.

WASHINGTON, March 19.—The program for the tariff bill in the house was agreed upon by the ways and means committee after a long and somewhat discordant meeting in which there was disagreement, not only between the two parties, but among the Democratic members of the committee.

The bill was reported to the house today, debate will begin on Monday next and the final vote will be taken on Wednesday, March 31. In the meantime the house will be in session from 11 in the morning until an indefinite hour at night, with a recess for dinner, all the time to be consumed in debate on the bill.

It was proposed by Chairman Dingley to have the debate begun to-day as soon as the bill had been reported, but the Democrats opposed this feature of the program so strenuously, reminding their adversaries that they had permitted the Wilson bill to be considered in the committee a week, that the Republicans conceded more time to them. The Republicans presented a list of amendments which were incorporated in the bill by a party vote, while many amendments were proposed by Democrats, several of which did not secure the united support of the representatives of that party.

Some friction was developed between Mr. Bailey of Texas and Mr. McMillin of Tennessee, the former having been promoted over the head of the latter to the position of senior Democratic member of the committee by virtue of his position as candidate of the Democrats for the speakership of the house. It is understood that Mr. Bailey will make the minority report on the bill, but will concede to Mr. McMillin the privilege of making the first speech in opposition.

The committee changed the sugar schedule to read as follows: Sugars not above No. 16 Dutch standard in color, tank bottoms, syrups of cane juice, melada, concentrated melada, concrete and concentrated molasses, testing by the polariscope not above 75 degrees, 1 cent per pound, and for every additional degree shown by the polariscope test, three one hundredths of one cent per pound additional and fraction of a degree in proportion; and on sugar above No. 16 Dutch standard in color, and on all sugar which has gone through a process of refining, one cent and eight hundred and seventy-five thousandths of one cent per pound; molasses testing above 40 degrees and not above 56 degrees 3 cents per gallon. Among the other amendments to the bill which were offered by the Republicans and were adopted follows:

Raising china clay, or kaolin, from \$2 to \$3 a ton.

Placing rockingham earthenware at 40 per cent ad valorem.

Changing the paragraph of the tobacco schedule which rates at \$2 a pound unstemmed and \$2.75 stemmed all tobacco in any ball, box or package, or in bulk which shall contain exceeding 15 per cent of leaves suitable for cigar wrappers, by adding "or which be the growth of different countries."

Manufactured different cotton, not specially provided for, raised from 40 cents to 55 cents per pound, and snuff and snuff flour raised from 40 cents to 55 cents.

Sausages changed from 5 cents per pound to the free list.

The Democratic amendment which excited most interest was one proposed by Mr. McLaurin of South Carolina, to place a duty of 2 1/2 cents per pound on all cotton. A strong effort has been made by southern cotton men to secure a duty on Egyptian cotton, and the project will be brought before the senate finance committee when that body takes charge of the bill. Mr. McLaurin said 60,000,000 pounds of cotton had been imported into the United States from 15 countries last year, and he did not see how Democrats who voted for duties of 15 cents on wheat and 20 cents on corn, of which importations were small in the Wilson bill, could consistently refuse to vote for a duty on cotton. Two Democrats voted for the amendment, McLaurin of South Carolina and Robertson of Louisiana. The Republicans voted against it.

A motion by Mr. Swanson to strike out the sugar differential duty received the votes of all the Democrats except Mr. Robertson. He proposed an amendment to direct the president to give notice of the abrogation of the treaty with Hawaii which sugars of that country are admitted free. All of the Democratic members supported this proposition, but the Republicans voted against it.

A motion to substitute the wool schedule of the Wilson act, made by

Mr. McMillin, was supported by all the Democrats except Mr. Baeler.

Incidentally Chairman Dingley stated that the duties on raw wool in the new bill were equivalent to 75 per cent ad valorem, whereupon Mr. Wheeler proposed an amendment that no duty should be paid on wool exceeding 75 per cent ad valorem, which failed on a party vote.

Mr. Wheeler offered several other amendments which polled all the votes of the Democrats. They were: To put cotton ties, cotton bagging, fence wire, sulphuric acid and black bone (used in making guano) and fresh water fish on the free list; to reduce white pine and hemlock from \$2 per 1,000 feet to the McKinley rate of \$1, and to restore telegraph and telephone poles, railroad ties or other woods than cedar to the free list.

Speaker Reed has definitely decided that for the present, at least, he will not appoint any of the regular committees of the house beyond the three already announced. In this way all miscellaneous legislation will be blocked and the entire attention of the house focused on the tariff bill. The bills which are being introduced by the Democrats will have to wait until the committees to which they would go under the natural order of things are appointed.

It is not even likely that the appropriation committee will be appointed. As soon as the tariff bill has been sent to the senate the three appropriation bills as they were sent to the president, and the deficiency as far as was agreed to in conference, will be put through under special orders which the rules committee will bring in for that purpose.

By avoiding complications which might arise if the legislative mind should be thrown open to an indiscriminate grind the house leaders believe they can materially expedite final action in the senate by rendering delay in the upper branch of congress on the tariff all the more conspicuous by the inaction of the house.

The Republican members of the senate committee on finance have decided to immediately take up the tariff bill as prepared by the ways and means committee of the house, with the view of considering it in all its details.

## A PENSION FOR CORBETT.

A Nevada Senator Offered a Bill, But Not for the Ex-Champion.

WASHINGTON, March 19.—The session of the senate was brief and uneventful. A large number of bills were introduced and the first report of the session was received.

A smile went around the chamber when Mr. Stewart, a resident of Carson City, Nev., where the populist contest occurred, offered a bill for the relief of one Corbett. It proved to be a private pension bill.

One of the measures introduced by Mr. Gallinger proposed an amendment to the constitution prohibiting legislation in behalf of any religious denomination.

Mr. Turpie (Ind.) gave notice of a speech next Tuesday on the election of senators by popular vote, and introduced a resolution proposing an amendment to the constitution for the purpose.

The first report of the session was presented by Mr. Czar of Iowa from the committee on Pacific railroads, and

was favorable to the bill for an adjustment of the Pacific railroad debt by a commission, consisting of the secretary of the treasury, secretary of the interior and attorney general. It went to the calendar.

General Bingham and Senator Penrose Made a Call.

WASHINGTON, March 19.—There is no abatement of pressure of applicants at the White House, and both the president and Secretary Porter begin to show evidences of the strain they have been under for the past ten days in receiving the innumerable callers and backers of applicants.

General Harry Bingham of Pennsylvania, who is reported to be deeply interested in the struggle for the fourth assistant postmaster generalship, has called. Who his candidate is he does not state. Senator Penrose was with General Bingham.

Dr. Hugh Piteau of Harrisburg had strong backing in his application for the Berlin consular-general in Representatives Olmstead and Hicks.

H. Clay Evans has notified the president by letter of his acceptance of the place of commissioner of pensions.

## The Tariff Bill Today.

WASHINGTON, March 19.—The house was in session for only 15 minutes and that time was consumed in the reading of the journal. ## A DENIAL BY GREENE.

He Says the Pennsylvania Has Not Bought the Hocking Valley.

PHILADELPHIA, March 19.—Vice-President Greene of the Pennsylvania railroad when seen in reference to the purchase of the Columbus, Hocking Valley and Toledo road by the Pennsylvania said:

"There is absolutely no foundation in the story that the Pennsylvania railroad has purchased, or even contemplates purchasing, the Columbus, Hocking Valley and Toledo railroad. I am at loss to understand how the story started. One of the officers of the company recently went over the road, but there was no connection with that trip and any probability of purchase by the Pennsylvania. He knows all the Hocking Valley people, and his trip was more in the nature of a personal visit over their lines."

Five More Persons Drowned Near Marion, Ark.

THE MISSISSIPPI STILL RISING.

Indications That the River Will Continue to Get Higher For Some Time to Come—Appeals For Aid For the Suffering—Some Trains Abandoned.

MEMPHIS, March 19.—The great flood has claimed five more victims. Near Marion, Ark., Etta Lix and her four children were trying to make their way to Marion for shelter and while attempting to cross a railroad trestle the strong current overwhelmed the party and all perished. The oldest child was a girl, aged 16, and an infant of eight months. The river is still rising at Memphis, and the indications are that it will continue to do so for some time, owing to rains. The river stands at 36.9 feet.

At Cairo, Helena, Vicksburg, Greenville, Shreveport and New Orleans the river continues to rise.

The work of rescue and relief goes forward with unabated zeal.

Four or five rescue steamers arrived here bringing several hundred refugees, nearly all of whom are destitute, to be cared for by the charity of Memphis people. The relief committee has its hands full. As long as the overflow continues funds will be needed to relieve the immediate pressing wants of the flood sufferers. Inasmuch as all of the sufferers practically are residents of Arkansas, the relief committee telegraphed to Governor Jones of that state asking his co-operation in relieving the dire distress in which thousands of the people of his state were. The governor replied that there were no funds at his disposal.

The local relief committee have sent out an appeal to the individual citizens of Arkansas, Tennessee and Mississippi. The Yazoo Valley railroad has abandoned its trains owing to the encroachment of the water over its tracks a few miles south of Memphis. The railroad side of the Arkansas side of the river remains unchanged, all trains entering the city over the Iron Mountain track, which remain a few inches above the water.

## THE LOST NUMBER 78.

Late Details of the Wreck of the French Steamer.

NEW YORK, March 19.—Late details show that out of the 82 persons comprising the passengers and crew of the wrecked steamer Ville de St. Nazaire, which sailed from this port on March 6 for Port au Prince, Hayti, only four are known to have survived disaster which befell the craft about 48 hours later.

Hard weather was experienced from the time the steamer left this port until, battered and racked, the water pouring into and over her, it was determined to abandon her. Then passengers and crew took to the four boats, a fifth having been crushed in the attempt to lower it. There had been no time to provision the boats. It was night and in the midst of a fierce storm the transfer was made. Captain Berni, manager of the West Indian line of the Campagne transatlantic generale, was one of the 35 who embarked in the larger of the boats, and upon him devolved the command of that frail refuge of so many souls. He, Senor Tagado, Mr. Staats, the third engineer, and the ship's doctor, Maire, are the only ones surviving.

They were brought to Perth Amboy, N. J., by the schooner Hilda, which had picked them up on March 14 as they were drifting about at sea with the dead bodies of four of their fellow passengers in one of the small boats of the lost vessel. The survivors were almost dead from starvation and exposure, and were too weak to relieve the small boat of the weight of the four corpses. It is almost certain now that the other boats were lost.

Senor Tagado was compelled to witness the death of his wife and four children.

## Cleveland Reaches Princeton.

PRINCETON, N. J., March 19.—Former President Cleveland has arrived here. He was met at the depot by his private carriage, which took him immediately to his new home. A slight rain made the three-mile drive a most dismal one. There was no demonstration on the part of the students, as his arrival was unexpected.

## A Dutch Vessel Lost.

BREIST, March 19.—Wreckage marked "Utrecht" has been washed up along the coast for several days past. It is thought to have come from the Dutch steamship Utrecht, which, it is believed, has foundered. About 100 people were on board.

Jackson and Walling Confess to Bradley and a Newspaper.

**AN INSANE DOCTOR ACCUSED.**

They Say Dr. Wagner Gave Pearl Bryan Medicine For an Abortion, Which Killed Her, Then Cut Off Her Head. Jackson Held Her.

FRANKFORT, Ky., March 19.—The joint confession of Scott Jackson and Alonzo Walling was last night presented to Governor Bradley by Special Messengers Wade, Ellis and Allison.

The confession says Dr. Wagner administered medicine in attempting to perform an abortion, under which Pearl Bryan died.

Jackson held her across his lap while Wagner cut her head off. Wagner wrapped the head in a cloak and took it home. Afterward he became insane. They did not know where the head was.

The confession was secured for a big money consideration by a Cincinnati newspaper, the proceeds to go to the mothers of the condemned men. Its distinguishing characteristic is that it contradicts in almost every particular the theory of the defense in the long trials of each of these two men.

During the trial witnesses were brought from Bellevue, Ky., a village just above Newport, to prove that Jackson, Walling and Pearl Bryan were seen in that village about noon on the Thursday before the murder. The defense attacked the veracity of John Foster, one of the witnesses, and tried to show that Druggist Foertmeyer, a second witness, had told contradictory stories about seeing the murderers and their victim.

Now in this confession the scene of the immediate preliminaries of the murder is transferred to Bellevue, Ky., on Wednesday and Thursday nights, Jan. 29 and 30, 1896. Dr. Wagner of Bellevue, Ky., is involved in the murder by the confession. At the time of the trial there was a trace of rumor that Dr. Wagner might have had some complicity in the affair.

This was effectually silenced by evidence believed at the time that Dr. Wagner was absent during the week of the Pearl Bryan murder. Since that time he has been an inmate of the Junction asylum at Lexington, Ky. Mrs. Wagner still persists that her husband was absent during that week and, furthermore, that she never saw Jackson or Walling or Pearl Bryan, and in this her daughters join her. This confession, that the preparations for the murder were made in Bellevue, depends for corroboration on the testimony of John Foster, Druggist Foertmeyer and a woman who saw the parties from a distance, all of which was fiercely resisted by the defense in the trial.

Should this attempt to implicate Dr. Wagner succeed in moving the governor an indictment by a grand jury would be expected to follow and a trial of Dr. Wagner in which Jackson and Walling would be the only witnesses. By many this is regarded as the motive of the whole thing. To anyone who has read carefully Governor Bradley's statement of his reasons for refusing respite or commutation of sentence, it will be at once apparent that one purpose of this confession is to give him a possible ground for favorable action that was lacking in former applications.

Meanwhile advices from Newport are that the scaffold and ropes for two are in readiness for the hanging of the criminals to-morrow. News from Alexandria, where the prisoners are immured, is that the announcement of a new confession has caused great excitement in Campbell and adjacent counties in Kentucky; that it has brought people from the country to the town in no gentle humor, and that while the prisoners would be in no danger from citizens of Alexandria, yet there is no knowing what violent result might follow a commutation of the sentences of Jackson and Walling unless the grounds for it should be better than anyone believes possible for them to furnish.

Fred Bryan and other relatives of the murdered girl will be in Cincinnati today. The prisoners will be removed to Newport jail tonight, and a company of militia is on the ground to guard Newport jail. It is not believed here that Governor Bradley will interfere further.

**FOUGHT FIRE AT SEA.**

Sailors Threatened by Flames and Storm, but Finally Rescued.

NEW YORK, March 19.—The Allan State Line steamer Carthagenian, from Glasgow, rescued the crew of the Wilson line steamer Rialto, which took fire and was abandoned March 5. The Rialto was bound from Newcastle for this port, loaded with a general cargo, including a large quantity of chemicals. An explosion occurred, killing one man and injuring another. A great gale sprang up. The men fought hard to subdue the fire.

The lifeboats were smashed by the seas and the crew saw death staring them in the face. The Carthagenian was finally sighted, and in reply to signals promised to stand by until the weather moderated sufficiently to permit boats to be lowered. For 40 hours, or until the early morning of the fifth, the Allan liner stood by while the men fought the fire, and then the weather moderated enough to make it possible for a lifeboat to live, and the Rialto's crew was saved.

Jackson and Walling Confess to  
Bradley and a Newspaper.

AN INSANE DOCTOR ACCUSED.

They Say Dr. Wagner Gave Pearl Bryan  
Medicine For an Abortion, Which  
Killed Her, Then Cut Off Her Head.  
Jackson Held Her.

FRANKFORT, Ky., March 19.—The  
joint confession of Scott Jackson and  
Alonzo Walling was last night pre-  
sented to Governor Bradley by Special  
Messengers Wade, Ellis and Allison.

The confession says Dr. Wagner ad-  
ministered medicine in attempting to  
perform an abortion, under which  
Pearl Bryan died.

Jackson held her across his lap while  
Wagner cut her head off. Wagner  
wrapped the head in a cloak and took it  
home. Afterward he became insane.  
They did not know where the head was.

The confession was secured for a big  
money consideration by a Cincinnati  
newspaper, the proceeds to go to the  
mothers of the condemned men. Its  
distinguishing characteristic is that it  
contradicts in almost every particular  
the theory of the defense in the long  
trials of each of these two men.

During the trial witnesses were  
brought from Bellevue, Ky., a village  
just above Newport, to prove that Jack-  
son, Walling and Pearl Bryan were  
seen in that village about noon on the  
Thursday before the murder. The de-  
fense attacked the veracity of John  
Foster, one of the witnesses, and tried  
to show that Druggist Foertmeyer, a  
second witness, had told contradictory  
stories about seeing the murderers and  
their victim.

Now in this confession the scene of  
the immediate preliminaries of the  
murder is transferred to Bellevue, Ky.,  
on Wednesday and Thursday nights,  
Jan. 29 and 30, 1896. Dr. Wagner of  
Bellevue, Ky., is involved in the mur-  
der by the confession. At the time of  
the trial there was a trace of rumor  
that Dr. Wagner might have had some  
complicity in the affair.

This was effectually silenced by evi-  
dence believed at the time that Dr.  
Wagner was absent during the week  
of the Pearl Bryan murder. Since that  
time he has been an inmate of the  
Junction asylum at Lexington, Ky.  
Mrs. Wagner still persists that her hus-  
band was absent during that week and,  
furthermore, that she never saw Jack-  
son or Walling or Pearl Bryan, and in  
this her daughters join her. This con-  
fession, that the preparations for the  
murder were made in Bellevue, de-  
pends for corroboration on the testi-  
mony of John Foster, Druggist Foert-  
meyer and a woman who saw the par-  
ties from a distance, all of which was  
fiercely resisted by the defense in the  
trial.

Should this attempt to implicate Dr.  
Wagner succeed in moving the governor  
an indictment by a grand jury would be  
expected to follow and a trial of Dr.  
Wagner in which Jackson and Walling  
would be the only witnesses. By  
many this is regarded as the motive of  
the whole thing. To anyone who has  
read carefully Governor Bradley's state-  
ment of his reasons for refusing respite  
or commutation of sentence, it will be  
at once apparent that one purpose of  
this confession is to give him a possible  
ground for favorable action that was  
lacking in former applications.

Meanwhile advices from Newport are  
that the scaffold and ropes for two are  
in readiness for the hanging of the  
criminals to-morrow. News from Alex-  
andria, where the prisoners are im-  
mured, is that the announcement of a  
new confession has caused great excite-  
ment in Campbell and adjacent counties  
in Kentucky; that it has brought people  
from the country to the town in no  
gentle humor, and that while the pris-  
oners would be in no danger from citi-  
zens of Alexandria, yet there is no  
knowing what violent result might fol-  
low a commutation of the sentences of  
Jackson and Walling unless the grounds  
for it should be better than anyone be-  
lieves possible for them to furnish.

Fred Bryan and other relatives of  
the murdered girl will be in Cincinnati  
today. The prisoners will be removed  
to Newport jail tonight, and a com-  
pany of militia is on the ground to  
guard Newport jail. It is not believed  
here that Governor Bradley will inter-  
fere further.

nals promised to stand by until the  
weather moderated sufficiently to per-  
mit boats to be lowered. For 40 hours,  
or until the early morning of the fifth,  
the Allan liner stood by while the men  
fought the fire, and then the weather  
moderated enough to make it possible  
for a lifeboat to live, and the Rialto's  
crew was saved.

### Isagi Loses His Place.

WASHINGTON, March 19.—The Turk-  
ish minister has declared vacant the  
office of consul of the Ottoman empire  
at Boston, held by Joseph Isagi, who  
was placed under arrest some weeks  
ago on charges of embezzlement of  
trust funds in his custody.

## Facts are Forceful.

In business building, facts you demand of us;  
facts we shall give you, money saving facts, most of  
them. That's what makes them interesting. Its  
the ring of honesty in our "ads" that brings people  
to our store. Investigation follows, our goods are  
compared with the statements made about them;  
being found as represented a pleased patron is the re-  
sult. The store news is of uncommon interest just  
at this time, dealing as it does with the many lots of  
fresh spring merchandise.

### Handsomeness Black Weaves

fresh from the factory.  
Handsomeness brocades with  
glossy mohair figures, stand-  
ard weaves of many sorts, all  
priced for quick selling.

Serge 34 inches wide, all wool, good  
black, 25c, and as good or better than  
anything we have sold at this price.

Our 50c serge is 50 inches wide, and  
an excellent value. Black satin solid,  
we have never had one at less than \$1  
per yard before, but the one we men-  
tion is 36 inches wide, 50c a yard. Mo-  
hairs with large patterns, very desirable  
for skirts, 50c, 75c, 85c and \$1. These  
are but a few of the good things in our  
black dress goods stock.

### Colored Dress Stuffs.

Hardly know where to  
begin. This fact, however,  
stands out prominent: your  
buying will be easy. No  
better time than now to make  
a selection.

Among them we would call attention  
to one number in checks, all wool, 50  
inches wide, in four colors, black and  
white, blue and white, brown and white,  
green and white, price 60c. Another  
line of checks at 70c that from appear-  
ance you would judge to be a good  
deal more money, and still another at  
25c, 34 inches wide, some all wool, some  
part wool, and all excellent values.

38 inch silk and wool goods, in all the  
new coloring, and spring shades, at 75c  
and 90c.

ever to it, and the action commenced is  
the result.

Yesterday afternoon a well known  
character of the city filled himself to the

himself to a quiet place to sleep it off.  
His friends blackened his face with soot

awakened him and started him out on

attention until he discovered the cause  
and had his face washed.

## SENATORIAL CONVENTION SITE

Will Be Selected by the Committee, but They Will Not Decide on the Crockery City-Steuenville Likely to Get the Gathering-The Date Will Soon Be Set.

If anyone in this town has been seriously thinking of deriving some profit on the supposition that the senatorial convention of the joint Twentieth-Twenty-first district would meet here he should prepare for disappointment, since it is morally certain the convention will go to some other town.

The place and time is selected by the senatorial committee, a body made up of one member from each county and selected for that purpose. After all the counties interested have decided on delegates this committee will hold a session and select the time. Of the 262 delegates Columbiana will have 35; Jefferson, 45; Belmont, 77; and Harrison, 28. They will assemble in the town the committee names, and that town will likely be Steuenville. Now, this is not because Steuenville can provide for more strangers, nor because it presents more attractions in any other line, but for the simple reason that it is centrally located. It can be reached by all the delegates with comparative ease. Harrison people can get in by the Panhandle, and Belmont needs only to jump on a Cleveland and Pittsburgh train. Columbiana will experience some difficulty and inconvenience, particularly those delegates coming from the northern part of the county, but their convenience will not likely be considered when that of so many others is in view. Bridgeport and Martin's Ferry cannot take care of the convention, thus leaving Steuenville and East Liverpool the only candidates, with the chances strongly in favor of the former.

## THE BROTHERHOOD RECEPTION.

It Was a Grand Success and They Enjoyed It Royally.

The Asbury Brotherhood gave their reception to ladies and their friends last evening, and it may be said, without fear of contradiction, that the event was the grandest in its way that has ever been known in this city. The two upper floors of the city building were occupied, and were crowded with guests, there being over 1,500 persons present. The gentlemen entertained royally. A magnificent supper was served, Calvin and Edwin Banting acting as caterers. Hayes' excellent orchestra was present, and rendered music to the delight of all. The event was well planned and carried out. Just such occasions do not often present themselves.

## POLITICAL POW WOW.

Democrats Will Meet at the City Hall Tonight.

The call has been made, and the Democrats of the city will meet at city hall this evening preparatory to putting out a municipal ticket. So much interest is being manifested in the fight for water works trustee that a strong man will be put in the field, and a great effort will be made to elect him. Last evening it was whispered about that a fusion of Populists had been invited by the Democrats. If this be true then the fight for the office of water works trustee will be more bitterly contested. The fusion would no doubt win the office for a Democrat.

What political strife brings out is worthy recording at times. It is a common rumor, and might be termed true if exact facts were known, that in last Saturday's primaries a prominent politician caused four votes to be cast in the Fourth ward by residents of Cleveland.

The Republican central committee met last evening, and distributed the tickets for the election tomorrow. All candidates who have not secured tickets will find them at the water works office in the city building.

### MEMBERS WILL DECIDE.

Another Proposition Before the Christian Church.

The official board of the Christian church met last evening, but failed to accept the last proposition of Mr. Bradshaw.

After careful consideration it was thought by a majority of the board that it would be better to purchase the entire lot than a portion of it, and accordingly they voted to buy the whole tract at a cost of \$8,000. This will allow them the buildings on the north end of the lot from which they realize rent, and they will fit up the hall and use it for a temporary house of worship until plans for a new church are drawn.

The amount so far subscribed for a new church amounts to \$2,000, and the church will assume a debt of \$4,000 in buying the property. Upon just what plan the new church will be erected will be decided later. They still hold an option on the Scott land.

The action of the meeting last night will be laid before the congregation next Sunday morning for ratification. Reverend Reed hopes that every member will be present.

Was the ancient forerunner of the piano. Its pleasant, plaintive strains, struck by the hand of the apt minstrel, made the finest music of which the Greeks knew anything about. Had they heard the tones of one of our magnificent upright pianos, their feelings would have been akin to those of a man who hears the music at St. Peter's, in Rome, during passion week, for the first time in his life. Our pianos are perfect in every way known to manufacturers.

### SENATORIAL CONVENTION SITE

Will Be Selected by the Committee, but  
They Will Not Decide on the Crockery  
City—Steuensville Likely to Get the  
Gathering—The Date Will Soon Be Set.

If anyone in this town has been seri-  
ously thinking of deriving some profit  
on the supposition that the senatorial  
convention of the joint Twentieth-  
Twenty-first district would meet here  
he should prepare for disappointment,  
since it is morally certain the convention  
will go to some other town.

The place and time is selected by the  
senatorial committee, a body made up of  
one member from each county and se-  
lected for that purpose. After all the  
counties interested have decided on de-  
legates this committee will hold a session  
and select the time. Of the 262  
delegates Columbiana will have 95;  
Jefferson, 65; Belmont, 77, and Harri-  
son, 28. They will assemble in the  
town the committee names, and that  
town will likely be Steuensville. Now,  
this is not because Steuensville can pro-  
vide for more strangers, nor because it  
presents more attractions in any other  
line, but for the simple reason that it is  
centrally located. It can be reached by  
all the delegates with comparative ease.  
Harrison people can get in by the Pan-  
handle, and Belmont needs only to jump  
on a Cleveland and Pittsburgh train.  
Columbiana will experience some diffi-  
culty and inconvenience, particularly  
those delegates coming from the north-  
ern part of the county, but their conven-  
ience will not likely be considered when  
that of so many others is in view.  
Bridgeport and Martin's Ferry cannot  
take care of the convention, thus leaving  
Steuensville and East Liverpool the  
only candidates, with the chances  
strongly in favor of the former.

#### WALL PAPER.

When You Need It, Then Make Your Way  
to McDole's.

New spring patterns have just been  
received, in all the richest colorings of  
dark greens, reds and blue, in perfect  
combinations of side wall, ceilings and  
borders to match.

The verdict of intelligent buyers is  
generally correct in regard to quality,  
prices and designs of wall paper.

Fifty thousand rolls comprises the  
amount of our stock. We invite com-  
parison, as we are the only exclusive  
wall paper and paint house in the city,  
with capacity large enough to enable us  
to carry such an immense stock. We  
daily receive the plaudits of economical  
housekeepers on our most popular prices.  
Call and get our prices. Parlor paper  
ranging in price from 12½ cents to 65  
cents; dining room from 6 to 15 cents;

linoleums and floor oil cloths, in all  
widths. Window shades at bottom

#### THE BROTHERHOOD RECEPTION.

It Was a Grand Success and They Enter-  
tained Royally.

The Asbury Brotherhood gave their  
reception to ladies and their friends last  
evening, and it may be said, without  
fear of contradiction, that the event  
was the grandest in its way that has  
ever been known in this city. The two  
upper floors of the city building were oc-  
cupied, and were crowded with guests,  
there being over 1,500 persons present.  
The gentlemen entertained royally. A  
magnificent supper was served, Calvin  
and Edwin Bunting acting as caterers.  
Hayes' excellent orchestra was present,  
and rendered music to the delight of  
all. The event was well planned and  
carried out. Just such occasions do not  
often present themselves.

#### POLITICAL POW WOW.

Democrats Will Meet at the City Hall To-  
night.

The call has been made, and the  
Democrats of the city will meet at city  
hall this evening preparatory to putting  
out a municipal ticket. So much inter-  
est is being manifested in the fight for  
water works trustee that a strong man  
will be put in the field, and a great  
effort will be made to elect him. Last  
evening it was whispered about that a  
fusion of Populists had been invited by  
the Democrats. If this be true then the  
fight for the office of water works trustee  
will be more bitterly contested. The  
fusion would no doubt win the office for  
a Democrat.

What political strife brings out is  
worthy recording at times. It is a  
common rumor, and might be termed  
true if exact facts were known, that in  
last Saturday's primaries a prominent  
politician caused four votes to be cast in  
the Fourth ward by residents of Cleve-  
land.

The Republican central committee  
met last evening, and distributed the  
tickets for the election tomorrow. All  
candidates who have not secured  
tickets will find them at the water works  
office in the city building.

#### MEMBERS WILL DECIDE.

Another Proposition Before the Christian  
Church.

The official board of the Christian  
church met last evening, but failed to  
accept the last proposition of Mr. Brad-  
shaw.

After careful consideration it was  
thought by a majority of the board  
that it would be better to purchase the  
entire lot than a portion of it,  
and accordingly they voted to buy the  
whole tract at a cost of \$8,000. This  
will allow them the buildings on the  
north end of the lot from which  
they realize rent, and they will fit up  
the hall and use it for a temporary  
house of worship until plans for a new  
church are drawn.

The amount so far subscribed for a  
new church amounts to \$2,000,  
and the church will assume  
a debt of \$4,000 in buy-  
ing the property. Upon just what plan  
the new church will be erected will be  
decided later. They still hold an option  
on the Scott land.

The action of the meeting last night  
will be laid before the congregation next  
Sunday morning for ratification. Re-  
verend Reed hopes that every member  
will be present.
